SCIENTIFIC PROGRAM

of international conference
Filatov Memorial Lectures – 2016,
dedicated to the 80th anniversary of
the Filatov Institute of Eye Diseases and
Tissue Therapy of NAMS of Ukraine
and 14th Congress of
the Black Sea Ophthalmological Society

19-20 May 2016
Odessa, Ukraine
Ukrainian Society of Ophthalmologists
Black Sea Ophthalmological Society
European Society of Cataract and Refractive Surgery

General Sponsors

Alcon
Valeant
Bausch + Lomb

Media Sponsors

Journal of Ophthalmology (Ukraine)

PROMEDICINE
Organizing Committee

Ukraine
Tsymbaliuk VI    President of National Academy of Medical Science of Ukraine
Shafranskyi VV   Deputy Minister, Ministry of Health of Ukraine
Kravchenko VV    Director of Medical Department, Ministry of Health of Ukraine
Shkrobanets ID   Dr Sc (Med), Professor, NAMS of Ukraine
Pasyechnikova NV. NAMS corr. member, Professor, Director of the Filatov Institute
Naumenko VO      Dr Sc (Med), Professor, Deputy Director, the Filatov Institute
Maryshev IuA     Cand Sc (Med), senior researcher, the Filatov Institute
Myrnenko VV      Head of Department, the Filatov Institute
Safronenkova IO  Cand Sc (Med), senior researcher, the Filatov Institute
Slobodianyk SB   Cand Sc (Med), the Filatov Institute
Stoylowska OG    Head of Department, senior researcher, the Filatov Institute
Arkusha AIu      The Filatov Institute
Muratova EG      The Filatov Institute
Pirogova IA      The Filatov Institute
Derykit GM       The Filatov Institute

Adopting Resolution
Closing Ceremony
Corneal Pathology. Keratoplasty. Keratoprosthesis

7 minutes are given for the report

Chairs: Pasyechnikova N.V., Yakimenko S.A., P. Vassileva

Moderator: Drozhzhina G.I.

2. The challenges of corneal transplantations and eye banking in Bulgaria - Prof. Petya Vassileva (Bulgaria, Sofia) 20 min

4. Complex treatment of patients with recurrent herpetic keratitis - Gaidamaka T.B., Drozhzhyna G.I., Khramenko N.I., Dumbrova N.I.e. (Ukraine, Odessa)

6. Corneal inflammation and proliferative activity of the anterior epithelium cells on the bacterial keratitis model with amniotic membrane transplantation using different types of its fixation - Sereda K. V., Vit V. V., Drozhzhyna G. I., Gaidamaka T. B. (Ukraine, Odessa)

10. Corneal Collagen Cross-Linking (CXL) for the treatment of progressive corneal ectasias and keratitis. 8 year experience - Averianova O. S., Kovalev A. I., Kireev V. V., Pimonova U. F., Kovalev A. A. (Ukraine, Kyiv)

Discussion
12:00-13:00  
**SATELLITE SYMPOSIUM**

**VALEANT PHARMACEUTICALS**

*Chairs: Zborovskaya A.V., Ass. Prof. Baha Toygar, Serdiuk V.N., Timofeev V.G.*

1. **Uveitis. Approaches to treatment** - Zborovskaya A.V. (Ukraine, Odesa)
2. **Modern approaches to surgical treatment of crystalline lens subluxation** - Serdiuk V.N. (Ukraine, Dnipropetrovsk)
3. **New hydrophobic IOL FocusForce. Turkish experience** - Ass. Prof. Baha Toygar (Turkey)
4. **Natural and instant wetting of dry eyes with new Biotrue product** - Timofeev V.G. (Ukraine, Kharkiv)

13.00-13.30  
**BREAK**

13.30-15.00  
**SECOND PLENARY SESSION**

*Choroid, Retina and Optic Nerve Pathology*

7 minutes are given for the report

*Chairs: Savko V.V., Panchenko M.V., Fedirko P.A.*

*Moderator: Zborovska O.V.*

1. A model for autoimmune anterior uveitis in rabbits - Zborovska O., Nasinnik I., Dorokhova O., Velichko L.M., Bogdanova O. V. (Ukraine, Odessa)
2. Condition of the optic nerve in patients with Fuchs' syndrome according to optical coherence tomography - Panchenko T. V., Arustamova G. S. (Ukraine, Kharkiv)
3. The macular edema in different forms of intermediate uveitis - Panchenko M. V., Khramova T. A., Lytvynshchenco A. V. (Ukraine, Kharkiv)
5. Dependence of development of retinal thromboses on alteration of rheological properties of blood - Soboleva I. A., Bachuk N. Y., Vorontsova N. M., Kolpakova L. P. (Ukraine, Kharkiv)

7. Changes in the eye during cardiac surgery using cardiopulmonary bypass - Rykov S., Mogilevskyy S., Suk S., Venediktova O. (Ukraine, Kyiv)

8. Optimal safe energetic parameters of choice for laser stimulation of the retina - Chechin P. P., Privalov A. P., Guzun O. V. (Ukraine, Odessa)

9. Photodynamic therapy as alternative to antibiotic therapy of infectious and inflammatory diseases of eye - Zborovska O., Dorokhova O. (Ukraine, Odessa)

Discussion

15:00-16:00 SATELLITE SYMPOSIUM «ALCON»

Glaucoma. Monotherapy. What next?..
Presenter: Fiodorov L.A.
Moderator: Muravei Zh.V.

16.00– 18.00 THIRD PLENARY SESSION

Cataract and Glaucoma

7 minutes are given for the report

Chairs: Sergiienko N.M., Parkhomenko G.Ya., Serdiuk V.M., Mohilevskyi S.Yu
Moderator: Dmitriiev S.K.

2. Our experience of phakic intraocular lenses implantation - Serdyuk V. N., Ustimenko S. B., Hetman Y. V., Semenko V. V., Ischenko V. A. (Ukraine, Dnepropetrovsk)

3. Refractive and cataract operative theater in our practice - Parkhomenko G.Ia. (Ukraine, Kyiv) 15 min

6. Intraoperative sub-Tenon injections of betamethasone for the prevention of cystoid macular edema in cataract surgery - Miroshnik D. M. (Ukraine, Kharkiv)
9. Influence of sympathetic system activity on diurnal intraocular pressure fluctuations in dehydration conditions - Gonen Baser, Eyyup Karahan, Sinan Bilgin (Turkey, Izmir)
10. Assessment of efficacy of combined operative treatment for patients with primary open-angle glaucoma - Melnyk V.O., Hurzhii O.O., Kots-Kotlib N.V., Kikot L.V. (Ukraine, Kyiv)
12. Effect of L-arginine on endothelin-1 level in patients with primary open-angle glaucoma - Honchar O. M., Bezditko P. A., Panchenko M. V. (Ukraine, Kharkiv)

Discussion
SMALL CONFERENCE-HALL

10.00 – 12.00

FIRST SECTION SESSION

Anomalies of Refraction and Oculomotor Apparatus

7 minutes are given for the report

Chairs: Bushuieva N.M., Boichuk I.M., Venger L.V.

Moderator: Serdiuchenko V.I.

3. Orthokeratology as a method for myopia progression control - Parkhomenko G.Y., Manoilo T.V, Mogylna I.V. (Ukraine, Kyiv)

5. The state of minimal exposition of test-object recognition in healthy school-children - Serdiuchenko V. I., Zheliznyk M. B. (Ukraine, Odessa)

6. Features of superior oblique muscle insertion to sclera - Yemchenko V.I. (Ukraine, Kremenchuk)

8. Does eye gymnastics “I can see well” cause visual fatigue? – Hrushko Yu. V., Degtiareva N. M., Serdiuchenko V. I. (Ukraine, Odessa)

10. Comparative analysis of morphometric parameters of fovea in the retina in patients with various types of myopia - Maliieva O.V., Bushuieva N.M. (Ukraine, Odessa)

Discussion
13:30-15:00 Second Section Session

Diagnosis and Treatment of Eye Tumor

7 minutes are given for the report

Chairs: Petrenko O.V., Naumenko V.A.

Moderator: Maletskyi A.P.

1. Results of radiocryosurgery treatment of the patients with malignant epithelial tumor of the eyelid skin with damage of lid margin - Safronenkova I. A., Yelagyna V. A. (Ukraine, Odessa)

2. Radiocryosurgical treatment of epibulbar tumors, the preliminary results - Bouiko A. S., Yelagina V. A., Safronenkova I. A., Zaytseva L. Z. (Ukraine, Odessa)

3. The role of Filatov scientific school in the history of ophthalmoplasty - Zhaboidov G. D., Petrenko O. V. (Україна, Київ)

4. Immunocorrection effect of the drug tiliron in patients with uveal melanoma during combined organ-preserving treatment - Velichko L. M., Vit V. V., Maletskiy A. P., Bogdanova A. V. (Ukraine, Odessa)

5. Usefulness of radiowave knife in the resection of melanomas of the iris, ciliary body and choroid - Khomyakova E. V., Maletskiy A. P. (Ukraine, Odessa)

6. Using high-frequency electrical welding of biological tissues in intravitreal resection of choroidal melanoma - Pasyechnikova N.V., Naumenko V.O., Umanets N.N., Maletskii A.P., Chebotarev E.P., Pukhlik E.S. (Ukraine, Odessa)

7. Clinical and experimental rational for using high-frequency electrical welding of biological tissues in eyeball enucleation due to trauma and chronic uveitis - Pasyechnikova N.V., Naumenko V.O., Maletskii A.P., Chebotarev E.P., Pukhlik E.S., Umanets N.N. (Ukraine, Odessa)

8. The feasibility of forming holes in the motility-prosthesis of the eye in patients after evisceration due to injuries and chronic uveitis - Bigun N. M., Maletsky A. P. (Ukraine, Odessa, Lvov)

10. The state cell membrane permeability of the corneal epithelium in experimental hypothyroidism - Pavlovsky M. I. (Ukraine, Lviv)

Discussion
16:00-17:00

Tissue Therapy

7 minutes are given for the report

Chairs: Levitskii A.P., Makarenko O.A., Mikheitseva I.M., Konovalova N.V.

Moderator: Sotnikova O.P.

1. Anti dysbiotic drugs in the prevention and treatment of diabetic retinopathy - Levstkski A.P. (Ukraine, Odessa)
2. Adaptogens for the prevention of diabetic retinopathy - Makarenko O.A. (Ukraine, Odessa)
3. Filatov’s biogenic stimulators as a basis of modern tissue therapy - Pasyechnikova N.V., Sotnikova E.P., Fesyunova G.S. (Ukraine, Odessa)
4. Treatment of episcleritis and sclerites - Konovalova N. V. (Ukraine, Odessa) 15 min
5. Natural regulator melatonin in the correction of coagulation disturbances in glaucomatous process - Mikheitseva I.M., Myrnenko V.V., Syroshtanenko T.I. (Ukraine, Odessa)
7. Pharmacotherapeutic efficacy of 1% sea water polymicroelement solution in the traumatic keratitis simulation - Abramova A., Fesyunova G., Tsybulyak A., Ostashevsky V., Lotosh T., Saldan V. (Ukraine, Odessa)
8. The possibility of using polymicroelement seawater solution in a traumatic keratitis - Lotosh T. D, Fesyunova G. S, Abramova A. B (Ukraine, Odessa)
9. The pharmacological efficacy of the distillate of the liman muds and water, obtained by V. P. Filatov’s method - Ivanov V.I. (Ukraine, Odessa)

Discussion
20 MAY 2016, FRIDAY

BIG CONFERENCE-HALL

08:00-12:00 BSOS/ESCRS Academy joint meeting

Moderators: Prof. Nataliya Pasyechnikova, Prof. Dr. Mahmut Kaskaloglu, Prof. Petja Vassileva, Prof. Nadiya Bobrova, Prof. Merab Dvali, Prof. Dr. Bora Eldem, Ass. Prof. Baha Toygar, Dr. Peter Barry

8.00 FEMTOSECOND LASER-ASSISTED CATARACT SURGERY: RECENT ADVANCES AND OUR RESULTS - Prof. Dr. Mahmut Kas-kaloglu, Dr. Bilgehan, Sezgin Asena, Turkey

8.15 FEMTOPHACO TRUE OR FALSE ?? - Mahmoud Ismail, Egypt

8.30 ADVANCED TECHNOLOGY OF TORIC IOLS IMPLANTA-TION USING A COMPLEX OF MODERN DIAGNOSTIC AND OPERATING SYSTEMS - S. Dmytriiev, PhD, MD, Ia. Gritsenko, Yu. Lazar, Ukraine

8.45 COMPARATIVE RESULTS IN A COMBINED PROCEDURE OF INTRASTROMAL CORNEAL RINGS IMPLANTATION AND CROSSLINKING IN PATIENTS WITH KERATOCONUS - Cristina Nicula, D. Nicula, Raluca Popescu, Andrea Decsei-Nagy, Romania

9.00 UTILIZATION OF INTRACAMERAL ANTIBIOTIC PROPHY-LAXIS OF POSTOPERATIVE ENDOPHTHALMITIS IN EUROPE, INDIA, JAPAN AND AUSTRALIA IN 2016 - Dr. Peter Barry, Ireland

9.20 PREMIUM IOLS FOR PSEUDOPHAKIC PRESBYOPIA - M.Dvali., B. Sirbiladze., N. Tsintsadze, N. Sharazadashvili, Georgia

9.35 CURRENT TRENDS IN RETINOBLASTOMA TREATMENT - Prof. Nadiya Bobrova, Ukraine

9.50 MICROINCISION CATARACT SURGERY WITH A NEW HY-DROPHILIC MICROINCISION IOL - Ass. Prof. Baha Toygar, Turkey

10.05 SUTURLESS ANTERIOR LAMELLAR KERATOPLASTY - Mahmoud Ismail, Egypt
10.20  SECONDARY IMPLANTATION IN CONGENITAL CATARACT: PREPARING THE CAPSULAR BAG - Dr. Necdet Cinhüseyinoğlu, Dr. Süleyman Kaynak, Turkey

10.35  Coffee-break

10.55  WHAT IS THE BEST ANTI-VEGF TREATMENT REGIMEN FOR NEOVASCULAR AMD: TREAT AND EXTEND - Prof. Dr. Bora Eldem, Turkey

11.10  THE TORN POSTERIOR CAPSULE - HOW SHOULD THE CATARACT SURGEON BEHAVE? - Dr. Peter Barry, Ireland

11.30  SURGICAL APPROACH FOR RECURRENT DETACHMENT WITH PVR - Dr. Süleyman Kaynak, Dr. Eyyüp Karahan, Dr. Mahmut Kaya, Turkey

11.45  Discussion
12.00– 13.00  

**FOURTH PLENARY SESSION**

**Trauma and Burn Eye Injuries**

*7 minutes are given for the report*

*Chairs: Novitskii I.Ia*  

*Moderators: Krasnovid T.A., Iakimenko S.A.*

1. On providing specialized and highly-qualified aid in eye injuries during ATO in the east of Ukraine - Krasnovid T.A., Sidak-Petretskaia O.S., Grubnik N.P., Mirnenko V.V., Isko E.D., Tychina N.P. (Ukraine, Odessa)

3. 70-years of the department of eye burns, restoration plastic and reconstruction ophthalmosurgery - Iakimenko S. (Ukraine, Odessa)

5. The case of penetrating injury to the eye with large cubial intraocular foreign body (surgical technique) - Novytskyy I., Smal T., Romanyuk O. (Ukraine, Lviv)

6. Two cases of wooden foreign bodies in orbit - Krasnovid T. A., Sidak-Petretskaia O. S., Tychina N. P., Ponomarchuk A. V. (Ukraine, Odessa)

7. Morphometric features of macular thickness in patients after ocular contusion with different grades of structural changes of outer retinal layers - Grubnyk N. P., Krasnovid T. A. (Ukraine, Odessa)

**Discussion**

13.00-13.30  

**Break**
13:30-15:30  FIFTH PLENARY SESSION

Diabetic Eye Disease Treatment. Vitreoretinal Surgery

7 minutes are given for the report

Chairs: Maltsev E.V., Zborovska O.V., Rykov S.O.
Moderator: Putiienko A.A.

1. Using neuroprotective agent to improve outcome of retinal detachment surgery - Dr Ning Cheung (Singapore)

2. Results of combined treatment of diabetic retinopathy - Zavgorodnyaya N. G., Mykhalchyk S. V., Mykhalchyk T. S. (Ukraine, Zaporizhzhya)

3. The level of pigment epithelium-derivated factor in the vitreous from patients with proliferative diabetic retinopathy - Putienko AA, Elhaj Emhamed Ali. (Ukraine, Odessa)

5. Indices of retinal electrogenesis after intravitreal injection of aflibercept in patients with diabetic macular edema - Sydorova M.V., Tuluk N.V., Beluschenko D.S. (Ukraine, Kyiv)

7. Genetic and allelic polymorphism rs759853 of aldose reductase gene in diabetic retinopathy complicated type II diabetic patients - Mogilevskii S.Yu., Bushuieva O.V. (Ukraine, Odessa)

8. The distribution of genotypes and alleles of rs2010963 polymorphism of VEG-FA gene in diabetic retinopathy patients with diabetes mellitus type II - Rykov S., Hudz A., Zakharevych G. (Ukraine, Kyiv, Lviv)

9. The diagnostic value of the Wide Field fluorescent angiography in preproliferative diabetic retinopathy - Denysiuk L., Rykov S., Mogilevskyy S., Suk S., Venediktova O. (Ukraine, Kyiv)

10. Microinvasive surgery for maculopathy in optic disc pits - Aslanova V. S. (Ukraine, Odessa)

11. Level of aminoacid-neurotransmitters in the vitreous body in patients with with rhegmatogenous retinal detachment - Levytska G.V., Rozanova Z.A. (Ukraine, Odessa)

12. Manifestation of the keratoconjunctivitis sicca after vitrectomy due to the primary rhegmatogenous retinal detachment - Pavliv O.B., Lytvinchuk L.M., Pavliv P.O. (Ukraine, Lviv)

Discussion
Innovation technology

7 minutes are given for the report

Chairs: P.B. Hendrich
Moderator: Korol A.R.

2. Safety, efficacy and possible side effect of clear lens exchange with implantation of tryfocal lens Zeiss in patients with presbyopia - Jorgensen J.S. (Germany, Hamburg)

3. Our experience of 1060 SMILE laser correction in patients with myopia and myopic astigmatism - Jorgensen J.S., Petrunya A. M. (Germany, Hamburg)

4. Distribution of intraocular temperature under different environmental conditions in rabbit - Pasyechnikova N. V., Zadorozhnyy O. S., Nazaretyan R. E., Myrnenko V. V. (Ukraine, Odessa)

5. Comparative efficacy of intravitreal ranibizumab and aflibercept for choroidal neovascularization associated with pathologic myopia - Kustryn T. B., Blavatska O. M., Zadorozhnyy O. S., Korol A. R. (Ukraine, Odessa)

7. Efficacy of application of triamcinolone acetonide in treatment of patients with transsudative detachment of retinal pigment epithelium in age-related macular degeneration (follow-up 36 months) - Kustryn T. B., Nasinnyk I. O., Nevska A. A., Zadorozhnyy O. S., Korol A. R. (Ukraine, Odessa)

Discussion
SMALL CONFERENCE-HALL

13.30 – 15.00

FOURTH SECTION SESSION

Pediatric Ophthalmology

7 minutes are given for the report

Chairs: Soboleva I.A., Barinov Yu.V., Katsan S.V.

Moderator: Bobrova N. F.

1. 70th anniversary of the Filatov’s school of pediatric ophthalmology - remembering the past, striving to the future - Bobrova N. F., Tronina S. A., Romanova T. V. (Ukraine, Odessa) 10 min

2. Viscosinusotrabeculotomy technique of congenital glaucoma associated with Sturge-Weber-Krabbe syndrome - Bobrova N. F., Trofimova N.B. (Ukraine, Odessa)

4. Complicated cataract in eyes with persistent fetal vasculature - Bobrova N. F., Dembovetskaya A. N. (Ukraine, Odessa)

5. Transcutaneous dosated levator resection as “classics of the genre” in blepharoptosis surgery - Bobrova N. F., Tronina S. A. (Ukraine, Odessa)

6. Dynamics of development of progressing retinopathy of prematurity in southern Ukraine over the last 7 years - Katsan S. V., Zaichko E. S. (Ukraine, Odessa)

Discussion

17:00

ADOPTING RESOLUTION

CLOSING CEREMONY
Poster Presentations

3 minutes are given for the report

Chairs: Vit V.V., Maltsev E.V.

Moderator: Kolomichuk S. A.

Corneal Pathology. Keratoplasty. Refractive Surgery

1. Age-related changes in a density of the donor cornea endothelium as the main factor of its senescence - Artemov A.V., Neverova O.G., Ilyina S.I. (Ukraine, Odessa)

2. Clinical and morphological characteristics of pterygium different types according to the anterior spectral optical coherence tomography of the eye - Ulyanova N. A., Mazurenko I. S. (Ukraine, Odessa)

3. The influence of keratoxenoimplant on humoral immunity in case of experimental mechanical injury of the cornea - Pasytehnikova N.V., Yakimenko S.A., Turchin M.V. (Ukraine, Odessa)

4. Studying ultrastructural alterations of the cornea in clinically healthy soft contact lens wearers by confocal microscopy in vivo - Ivanova O.N., Sereda K.V., Drozhzhina G.I. (Ukraine, Odessa)

6. Pathochemical characteristics of inflammation in the cornea in dry eye syndrome - Rafalyuk S. Y. (Ukraine, Lviv)

Choroid, Retina and Optic Nerve Pathology

1. Patterns of retinal vascular pathology in the remote period after radiation exposure - Garkava N., Fedirko P. (Ukraine, Kyiv)

Cataract and Glaucoma

1. Dynamics of pathological changes in the functional layers of the retina in patients with different stages of primary open angle glaucoma - Stotska L. M. (Ukraine, Odessa, Ivano-Frankivsk)

3. Evaluation of visual acuity and clinical refraction of patients after trifocal IOL implantation in late period after cataract surgery - Fokina S., Sherbakov B., Alifanov I. (Ukraine, Dnepropetrovsk)
**Trauma and Burn Eye Injuries**

1. Study of clinical-immunological methods for early diagnosis and treatment of proliferative vitreoretinopathy depending on the severity of mechanical injuries of the eyeball in the early posttraumatic period - Bezditko P. A., Levchenko L.I., V.P Deynikhovsky (Ukraine, Kharkiv)

**Diabetic Eye Disease Treatment. Vitreoretinal Surgery**

**Tissue Therapy**

1. Effect of sea water preparation instillation on the intensity of phagocytosis in modeling traumatic keratitis - Abramova A., Saldan V., Tsybuliak A. (Ukraine, Odessa)

Exhibition of Children’s Drawings
“80th Anniversary of the Filatov Institute”

Early spring and sunny warm autumn, Vladimir Filatov could be seen in the park in the open air. He wrote his sketches wherever he could. “My sketches are a colorful memoir of my intimate meetings with the nature and a look, thrown in a moment of mental or moral fatigue at a sketch hanging on the wall, gives me always a tide of cheerfulness,” wrote Vladimir Filatov in his memoirs.

This spring, children from Art Centre “Moryana” have come out in the open air in the Memorial Park of the Filatov Institute. The children devoted their works to the Institute on the occasion of the 80th anniversary of its foundation.

You are welcome to the Exhibition of Children’s Drawings which is held on the first floor in laboratory building of the Filatov Institute (in front of the conference hall) on 19-20 May.
